

“Competencies are the universal common denominator. If you know what your critical competencies are and you develop your people to be better at them, you have a competitive advantage that is very hard to duplicate.”—Lominger Int’l

Competency-Based Leadership

Focused development on the behaviors that matter

A two-day Leadership Program that enables you to:

- **Assess** the mission-critical competencies required for achieving organizational goals.
- **Develop** the five strategic competencies for long-term leadership success.
- **Learn** the 67 competencies and 19 career stalling factors for managing your career and the work of those you lead.
- **Map** the development needs of your employees with a complete set of activities to motivate, leverage their strengths, and maximize opportunities.

Day 1—Leading Yourself To Greatness	Day 2—Leading Others to Performance
Session 1: Learning the essentials of competencies for effectiveness	Session 1: Assessing others' strengths and potential development needs
Session 2: Identifying mission-critical competencies for your business goals	Session 2: Coaching for Performance
Session 3: Clarifying the career stalling factors and how to avoid them	Session 3: Coaching for Development
Session 4: Developing a performance plan	Session 4: Creating a leadership machine in your organization
